

**1.5 CEUs for
RN, SW, CCM,
PT, and OT!**

Hospital Case Management Fundamentals

Learning Management System (LMS)

Recognizing a severe knowledge gap in case management education provided by other Hospital LMS systems, HCIT Consulting created the "Hospital Case Management Fundamentals" to educate all clinical staff regarding Case Management basics, reducing the knowledge disparity across clinical teams. Modules are ideal for all professions interacting with Case Management!

Improve rounds through improved CM literacy. Our courses are designed for professionals at every level, offering 1.5 CEUs for Nurses, Social Workers, Certified Case Managers, Physical Therapists, and Occupational Therapists. Other CEUs are pending!
